

Dr. Vijay Kumar Sharma

JOURNALS

Tomar, R, Shankar, B, Kumar, R et al. (2014) Synthesis, Characterization and Antimicrobial Activity of Novel Hydroxamic Acids of Pyrimidine- 5-Carboxylic Acid and their Complexes. *International Journal of Innovative Technology and Exploring Engineering* 3(11): n.p.

Kumar, P, Agarwal, U.K, Sharma, V.K (2014) Design of Controller for Chopper Fed DC Drive with Pulsating Load and Elastic Coupling Under Resonance. *International Journal of Current Engineering and Technology* 4(4): 2450-2457.

Shankar, B, Tomar, R, Kumar, R et al. (2014) Antimicrobial Activity of Newly Synthesized Hydroxamic Acid of Pyrimidin e-5-Carboxylic Acid and its Complexes with Cu(II), Ni(II), Co(II) and Zn(II) metal Ions. *Journal of Chemical and Pharmaceutical Research* 6(5):925-930.

Sahare, P.D, Sharma, V.K, Mohan, D et al. (2008) Energy Transfer Studies in Binary Dye Solution Mixtures:Acriflavine+Rhodamine 6 GandAcriflavine + Rhodamine B. *Spectrochimica Acta* 69(4):1257-1264.

Mohan, D, Sharma, M, Singh, R.D et al. (2008) Estimation of Molecular Parameters in Laser Grade Dyes: Coumarin 450 and Coumarin 460. *Dyes and Pigments* 76(2): 417-421.

Sharma, V.K, Mohan, M and Sahare, P.D (2007) Fluorescence Quenching of 3-Methyl 7-Hydroxyl Coumarinin Presence of Acetonem. *Spectrochimica Acta A* 66(1):111-113.

Sharma, V.K, Sahare, P.D, Pandey, A et al. (2003) Optical Gain Characteristics of C 450 and C 460. *Spectrochimica Acta A* 59(5): 1035-1043.

Sharma, V.K, Saharo, P.D, Sharma, N et al. (2003) Influence of Solvent and substituent on Excited State Characteristics of Coumarin Laser Dyes. *Spectrochimica Acta A* 59(6):1161-1170.

Sharma, V.K, Sahare, P.D, Rastogi, R.C et al. (2003) Excited State Characteristics of Acridine Dyes: Acriflavine and Acridine Orange. *Spectrochimica Acta A* 59(8):1799-1804.

Pandey, A, Sharma, V.K, Mohan, D et al. (2002) Thermoluminescence Characteristics of $K_2Ca_2(SO_4)_3$ Doped with Rare Earths Eu and Dy. *Journal of Physics D Applied Physics* 35(12):1330-1333.

Sharma, V.K Physics of Modern Telecommunication. *International Research journal Commerce Arts and Science*, 2(2): 272-276.

Sharma, V.K, Dabas, S An Overview: Nanoscience. *International Research journal of Management Science & Technology* 3(1): 611-620.

BOOKS

Sharma, V.K (2015) *Mechanics*. Delhi:Apple Books.

Sharma, V.K (2015) *Basic Concept on Calculus of Variations*. Delhi.:Apple Books.

Sharma, V.K (2015) *Engineering Physics Applied Physics-I*. Delhi.:Apple Books.

Sharma, V.K (2015) *Engineering Physics Applied Physics-II*. Delhi.:Apple Books.

Sharma, V.K (2015) *Trends in Physics/Quantum -2015*. Delhi.:Apple Books.

Sharma, V.K (2012) *Thermal Physics*. Delhi :Abha Publicity.

Sharma, V.K (2012) *Experimental Physics*. Delhi:AbhaPublicity.

Sharma, V.K (2011) *Teaching of Basic Science*. Delhi:Abha Publicity.

PAPER PRESENTATION

Sharma, V.K (2006) FTIR Spectra of Sol-Gel Dye Doped Glassy Matrices -Delhi University, India.

Sharma, V.K (2005) Photo-Bleaching of Rhodamine-B in Tetraethylorthosilicate. *Fourth DAE-BRNS National Laser Symposium- BARC, India*

Sharma, V.K (2003) Excited State Characteristics of Acridine Orange. *NSLA-NPL Delhi University, India.*

Sharma, V.K (2003) An Optical Sensor Based on Fluorescence Quenching for Acetone. *NSLA-NPL Delhi University, India.*

Sharma, V.K (2002) Energy Transfer in Binary Mixture (Acriflavine and Rhodamine). *Laser Grade International Conference on Atomic Physics University of Delhi, India.*

Sharma, V.K (2002) New Luminescent Materials:A Review. *National Conference Material Sciences - G. J. University of Haryana, India.*

Sharma, V.K (2002) Thermo-Luminescence and Photoluminescence Characteristics of $K_2Ca_2(SO_4)_3$ Doped with Rare Earths Eu and Dy. *International Conference on Atomic Physics University of Delhi, India.*

Sharma, V.K (2002) Excited State Characteristics of Phloxin. *National Conference on Material Sciences G. J. University of Haryana, India.*

Sharma, V.K (2001) Solvent Effect and Excited State Dipole Moment of Acriflavine Dye. *National Seminar on Luminescence and its Application (NSLA) Rani Durgavati University, M P, India.*

Sharma, V.K (2001) Effect of Co-doping on Thermo luminescence of $K_2Ca_2(SO_4)_3$. *National Seminar on Luminescence and its Applications (NSLA) Rani Durgavati University M.P, India.*

Sharma, V.K (2001) Influence of Solvent on Excited State Characteristics of Bio-Dyes. *BRNS National Laser Symposium M.P,India .*
