ABOUT THE COLLEGE

SLC, a co-educational constituent college of the University of Delhi, was established in 1964. SLC being the oldest and pioneer college in East Delhi has been catering to the holistic educational requirements of the young generation. The College is rapidly emerging as a prominent educational institution of the University and has earned its legitimate claim as the most efficient and complete educational institution in the relatively less developed East Delhi region. The endeavor of the College has always been to make higher education more enjoyable, job oriented, meaningful and practical, and at the same time more adaptable to the ever changing demands of our society.

GANDHI STUDY CIRCLE

The College, in its effort to maximize the teaching learning outcome, has established GSC that offers unique platform and opportunity to the students to have a wholesome learning experience. The important events organized and initiatives taken by this Centre has evidently opened the minds of the students to newer ways of thinking. GSC has taken up cross-cutting issues related to professional challenges and social anomalies etc. Gandhi Study Circle of SLC aims to revisit, review and debate Gandhi and his teachings with the young generation. It also tries to inculcate Gandhian values and ideals such as simplicity and selflessness among the students. The Circle works on the principle of reviving Gandhian teachings on the integrated view of life that unites the whole of humanity beyond the forces of religion and communalism.
